

A KID'S PLACE OF TAMPA BAY
2019/20 ANNUAL REPORT

A MESSAGE FROM OUR CEO

As I reflect on this past year, I remain grateful for our founder, Dottie Berger MacKinnon. Dottie saw a need to help Tampa Bay's most vulnerable children in foster care and A Kid's Place became a safe-haven for them to call home. This year we provided programs for hundreds of children, all the while remaining good stewards of the support you so generously provided. The philanthropic efforts of caring individuals like you remains a main source of revenue from those who believe in helping children in need; many of whom give of their time and resources out of compassion.

Despite the challenges of COVID, all of our homes remained fully operational while we fashioned new ways to promote normalcy and keep our children engaged academically and physically. Our children completed their final semesters of school on campus with significant academic achievements along the way!

One of our greatest successes this year included a program expansion for our young teens aging out of foster care, which will keep them close to their sibling(s) and assist them as they enter the next phase of their life. These high school graduates now have the ability to safely and calmly transition into adulthood as they work and enter trade school or college, which is now more important than ever!

As long as children remain victims of abuse, neglect and/or abandonment, A Kid's Place will continue as a beacon of hope, lighting the path for hundreds of children each and every year. We are a refuge where children can come and learn that there are others who do care. With us, they learn that families do exist where love is the key component and successes and disappointments are cheered because without some disappointments, one never fully appreciates success. It is an honor and privilege to know and spend time with so many dedicated individuals who go to extraordinary lengths to ease the pain, heal the hurt, and love these amazing children.

Thank you for believing in A Kid's Place and supporting our mission. It is because of each of you that we are making a meaningful difference in the lives of our children!

CHANGING LIVES DAILY

EDUCATION

With the change in population of our children at A Kid's Place, we needed to reevaluate our resources.

We now have a classroom where our school age children conduct weekly inquiries, long term investigations, and learn science, technology, engineering, arts and mathematics skills.

In Ms. Alice's lab, students have the opportunity to learn these concepts but also apply them doing hands on activities.

We offer afterschool homework labs in our classrooms with guided help from Ms. Cathy and Ms. Alice for Kindergarten through fifth grade.

We offer afterschool tutoring 5 days a week with Ms. Nancy who works with our middle and high school students in their specific skill areas of need.

EXTENDED FOSTER CARE

With two of our very own graduating this year, it was important for us to be able to offer them support during their next phase of life.

Our Extended Foster Care home is a home for residents who turned 18 and are transitioning from residential care into an independent living setting. This home allows the resident to have connections with their sibling(s) who may reside in our traditional residential setting on campus.

IN THIS SHORT TIME BOTH TEENS HAVE:

ENROLLED AND ATTENDED THEIR FIRST SEMESTER OF COLLEGE.

PURCHASED CARS TO HELP THEM WITH TRANSPORTATION.

OPENED CHECKING ACCOUNTS.

ACQUIRED & MAINTAINED JOBS SINCE LIVING AT A KID'S PLACE.

ADAPTED TO LIVING ON THEIR OWN AND BEING PERSONALLY RESPONSIBLE FOR THEIR LIVING, HEALTH AND EDUCATIONAL NEEDS.
